Simone is a laid back senior lady looking for a nice home to settle herself in.

Simone was first abandoned on our doorstep over 8 years ago. Shortly after, she was adopted into a home, settled in nicely, and thought things were finally going her way! Little did she expect, years later, to find herself once again on our doorstep because of a new family member's severe allergies. Simone's calm demeanor often makes her overlooked by adopters caught up in the hubbub of the more active felines. She currently resides in the Veterinary

Room and loves the attention and treats she gets from the staff. She is even allowed to play in the sink and drink out of the faucet! Lunch time anyone?? Simone is never far off when it's time for a lunch break! That curious little nose of hers starts sniffing for her favorites. Turkey or Chicken please! She is an independent girl who will be a great companion. Watch out though...once she gets to know you, she becomes a lap cat and will sit on your lap for hours if you'll let her. But truly, any nice sunny spot would do. She could possibly co-exist with other calm animals in the home. Please consider giving Simone the forever home and happiness she deserves.
