*This pair loves to snuggle together! They are never found far apart.*

Skeet and Jonesy are middle aged brothers who are closely bonded to each other. It's common to see them swatting a mouse back and forth or sleeping together in one bed. These two boys are mellow and independent. They love attention and would make a wonderful addition to a calm home. Skeet and Jonesy get along well with other cats, and would do best in an adult only home, though teenagers may be fine. They are quiet types who enjoy affection and sitting on the couch next to you. Skeet and Jonesy would love to find a forever home where they can grow old together. They are perfect companions who will provide unconditional love!
